Br. J. Surg. Vol. 67 (1980) 901–916

Index to Volume 67

Abdomen, acute, following cardiopulmonary bypass surgery, 410
missile injuries of, in Zimbabwe-Rhodesia, 305
Abdominal incisions, secondary, experimental study of healing of, 485
vertical, 395
pain, acute, presentation of cancer as, 413
parasitic twin: unusual cause of duodenal obstruction, 675
tuberculosis, 887
wound closure: trial of Prolene and Dexon, 487
Abscess, liver, percutaneous catheter drainage of: alternative to open drainage?, 400
solitary, of spleen, 106
two unusual, ultrasound in diagnosis of, 556
Ackroyd N.: *see* Lambrianides A. L.
Adami H. O., Enander L. K., Ingvar C. and Rydberg B.: Clinical results of 229 patients with duodenal ulcer 1–6 years after highly selective vagotomy, 29
Adenomas, parathyroid possible antagonists to gastrin in , 890
Adhesions, intraperitoneal, absorbable haemostatic materials and, 57
Adrenal, myelolipoma of, 147
surgery, some aspects of, 723
β-Adrenergic blockade, inhibition of metabolic responses to surgery with, 503
Aitkenhead A. R.: *see* Gilmour D. G.
Alagaratnam T. T. and Ong G. B.: Tuberculosis of the breast, 125
Alexander-Williams J.: *see* Baudot P.; Donovan I. A.; Keighley M. R. B.; Smallman L.
Ali A. E.: *see* Tanner W. A.
Allan W. R.: *see* De Dombal F. T.
Allograft, immediately vascularized skin, studies of, 289
rejection, renal, predictive value of serum complement (C_3) in, 500
Allwork S. P.: *see* Raphael M. J.
Amano S.: *see* Suzuki H.
Amess J. A.: *see* Bartram C. I.
Amputated thumb, management of, 587
Amputation for vascular disease: experience of peripheral vascular unit, 233
Anaesthesia, local, value of laparoscopy under, in 250 medical and surgical patients, 751
Anal anastomosis, proctocolectomy with ileal reservoir and, 533
cancer treated by fast neutron radiation, 469
dilatation, continued, is it necessary after Lord's procedure for haemorrhoids?, 658
reflex in idiopathic faecal incontinence: electrophysiological study, 781
sphincter in man, long term effect of sphincter preserving operations for rectal carcinoma on function of, 203
Anastomosis, endo-anal, functional results of rectal excision and, 757
low restorative, of rectum, aid to, 568
primary, intraoperative irrigation of colon permitting, 80
Anderson J. R. and Lee D.: Acute caecal volvulus, 39
Anderson J. R., Lee D., Naysmith A. and Busuttil A.: Gastric pseudolymphoma, 672
Anderson J. R., McLean Ross A. H., Din N. A. and Small W. P.: Cholelithiasis following peptic ulcer surgery: a prospective controlled study, 618
Aneurysm, popliteal, 294
ruptured aortic, aorto-duodenal and subsequent aorto-colonic fistula following operation for, 649
venous, of axilla simulating soft tissue tumour, 577
Angelides N. S. and Nicolaides A. N.: Simultaneous isotope clearance from the muscles of the calf and thigh, 220
Angiodysplasia of colon, acquired von Willebrand's disease and gastrointestinal bleeding, 639
Angiographic anatomy of coronary arteries, 181
Annetts D. L. and Graham A. R.: Cystic degeneration of the femoral vein: a case report, 287
Anorectal motility, assessment of, in management of adult megacolon, 754
pressure and rectal compliance after low anterior resection, 655
Antibiotic cover, delayed treatment of wounds of hand and forearm under, 140
Antibiotics, peroperative, in prevention of chest infection following cardiac operations, 97
Anus, imperforate, with malrotation of gut, 451
Aorto-iliac reconstruction, functional results of, 344
Appendicectomy, emergency, single dose intra-rectal metronidazole as prophylaxis against wound infection following, 809
prophylactic metronidazole in: controlled trial, 547
Appendicitis, acute, spontaneous detatchment of appendix in, 148
falling incidence of, 681
'recurrent' ureteric obstruction in, 297
Appendix, spontaneous detachment of, in acute appendicitis, 148
Appleby R.: *see* Morris T.
Arabi Y.: *see* Donovan I. A.; Keighley M. R. B.
Arterial perfusion of liver, measurement of, in man using radioisotope xenon-133, 178
Arteries, coronary, angiographic anatomy of, 181
large, irradiation injury to, 341
Arteriopathy, reversible, following ergotamine overdose in heavy smoker, 247
Arteriovenous grafts, complications of, for vascular access, 517
Ascites, peritoneovenous shunting for, in cancer patients, 663
Asoh T.: *see* Tsuji H.
Atri S. P.: The treatment of complete rectal prolapse by graciloplasty, 431
Aubrey D. A. and Chare M. J. B.: High bile duct strictures, 14
Autostapler, EEA, rectal stricture resection using, 281
Autotransfusion-induced haematological damage, alleviation by corticosteroids, 99
Axilla, venous aneurysm of, simulating soft tissue tumour, 577
Axillary and subclavian vein compression of musculoskeletal origin, 573

Bacteraemia, transrectal biopsy of prostate and, 127
Bacteria, bile, in patients with benign bile duct stricture, 329
Bailey M. J., Royce C., Sloane J. P., Ford H. T., Powles T. J. and Gazet J.-C.: Bilateral carcinoma of the breast, 514

Berry R. B.: The late results of surgical treatment of pressure sores in paraplegics, 473

Bile acid excretion, faecal, in diverticular disease, 629
Bile duct, common, exploration of, relevance of clinical picture and importance of peroperative cholangiography to, 869
extra-hepatic, spontaneous perforation of, in neonates and infants, 621
stones, non-operative removal of, by duodenoscopic sphincterotomy, 1
stricture, bile bacteria in patients with benign, 329
high, 14
salts, effect of, on pancreatic duct mucosal barrier, 59
Bilharzial hepatic fibrosis, haemodynamic effects of splenectomy and vasoligation in, 111
Biliary fistulas, treatment of skin irritations around, with cholestyramine, 785
obstruction, intrahepatic biliary intestinal diversion for, 263
tract, influence of ischaemia on, 321
Biopsy handle, new spring-loaded, for improved needle, 449

Cancer, anal, treated by fast neutron radiation, 469
breast, and benign breast disease, 789
operable, clinical trial in management of, 153
oestrogen receptors and, 153
colorectal, in the young patient (Letter), 87
early, of breast, possible tests for selection of adjuvant systemic therapy in, 747
of oesophagus, effect of tumour biology on treatment of, 791
patients, peritoneovenous shunting for ascites in, 663
presentation of, as 'acute abdominal pain', 413
rectal, clinical significance of invasion of veins by, 439
impact of circular stapling devices on surgery of, in district hospital, 198
recurrent colorectal, clinical significance of elevated serum carcinoembryonic antigen (CEA) levels in, 46
Carbohydrate, effect of different calorific doses of, on nitrogen excretion after surgery, 462
Carbon fibre, flexible, use of, in repair of experimental large abdominal incisional hernias, 135
Carcinoembryonic antigen (CEA) levels, elevated serum, in recurrent colorectal cancer, clinical significance of, 46
Carcinoma, of breast, bilateral, 514
insertion of prostheses at mastectomy for, 69
colorectal, whole body protein turnover, synthesis and breakdown in patients with, 736
differentiated thyroid, presenting as clinically solitary nodule, treatment and preoperative diagnosis, 728
and inflammatory disease, perineal wound healing after proctectomy for, 275
of large bowel, routine preoperative urological assessment in patients undergoing elective surgery for, 42
oesophageal squamous cell: I. A critical review of surgery, 381
II. A critical review of radiotherapy, 457
rectal, long term effect of sphincter preserving operations for, on function of anal sphincter in man, 203
changing survival prospects in, 775
squamous cell, of the nailbed, 893
suspected, of breast, reliability of axillary lymph node scintiphotography in, 667
of tongue: factors affecting results of surgical treatment, 101
unresectable, of thoracic oesophagus, presternal gastric bypass for: preliminary report, 522
Cardiac operations, preoperative antibiotics in prevention of chest infection following, 97
Cardiopulmonary bypass surgery, acute abdomen following, 410
